## **COMMENTS INVITED ON APPLICATION OF QWEST CORPORATION TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES**

**WC Docket No. 07-34**  
**Comp. Pol. File No. 780**

**Comments Due: April 23, 2007**

### **Section 214 Application** **Applicant: Qwest Corporation**

On February 22, 2007, Qwest Corporation (Qwest or Applicant), located at 1801 California Street, Denver, CO 80202, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of certain domestic telecommunications services to customers in a portion of Oregon. By an amendment filed March 14, 2007, Qwest corrected certain deficiencies in its initial application and updated the record regarding notice to customers.<sup>1</sup> Accordingly, Qwest's application is deemed complete as of March 14, 2007.

Qwest indicates that it offers local service, associated features and packages, interconnection and switched access services, as appropriate, to retail and wholesale customers in Oregon. Specifically, Qwest states that it provides these services in a portion of Qwest's Oregon City, Oregon exchange located southeast of the city along Beaver Creek Road approximately 2.5 miles southeast of the intersection of Beaver Creek Road and Highway 213 in Oregon City, Oregon. Qwest describes this area as including the north half of Section 15, T3S, R2E, plus a rectangle in the northeast corner of Section 16, measuring 284 feet east-to-west by 1480 feet north-to-south. Qwest asserts that Beaver Creek Cooperative Telephone Company soon will be the incumbent local exchange carrier in this area pursuant to an order of the Oregon PUC. Consequently, Qwest sought Commission authority in its original application to discontinue service in this portion of Oregon by April 26, 2007. Qwest represents that it is a dominant carrier with respect to the services to be discontinued.

Qwest asserts that it mailed notice to all affected retail customers on March 9, 2007 and March 12, 2007 after discovering that some retail customers previously had not received notice of the proposed

discontinuance. In addition, Qwest states that it notified its wholesale customers by postal mail and e-mail in accordance with its normal process for sending notification to wholesale customers. Qwest represents that it used this process to send notice to some affected wholesale customers on February 21, 2007. Qwest states, however, that it later discovered that some of its competitive local exchange carrier customers originally did not receive a complete list of the services that would be affected by the proposed discontinuance. Consequently Qwest asserts that on March 12, 2007 it sent corrected notifications including a complete list of affected circuits to each of these CLEC customers in accordance with its usual wholesale notification process. Qwest explains that when wholesale customers sign interconnection agreements with Qwest, they provide their e-mail address, are made aware that notices are provided via e-mail, and are informed of Qwest's online subscription tool. Qwest maintains that customers can use the subscription tool to submit names and contact information for individuals to receive notices, and to specify their preference for receiving notice by postal mail or by e-mail. Furthermore, Qwest maintains that if it does not have an e-mail address for a contact person, it will assume that the individual would prefer to receive postal mail. Qwest indicates that its wholesale group has used this notification process for over seven years to communicate official notification to wholesale customers on a variety of subjects including product promotions, deployment of new products, modifications and price changes to existing products, cancellation or retirement of existing products, and operational issues. Qwest asserts that wholesale customers expect to receive product discontinuance notices via this process, and that it has found the process to be the most effective and efficient method of communicating with its wholesale customers.

We seek comment on Qwest's proposed discontinuance of service, including the steps it has taken to notify customers, given the particular circumstances in this case and in light of the notification procedures prescribed in section 63.71(a) of the Commission's rules. In accordance with section 63.71(c) of the Commission's rules, Qwest's application will be deemed to be automatically granted on the sixtieth (60th) day after the release date of this public notice, unless the Commission notifies Qwest that the grant will not be automatically effective. Accordingly, pursuant to section 63.71(c), absent further Commission action, Qwest may terminate service on **May 22, 2007**. The Commission will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **April 23, 2007**. Such comments should refer to **WC Docket No. 07-34 and Comp. Pol. File No. 780**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. *See Electronic Filing of Documents in Rulemaking Proceedings*, 63 FR 24121 (1998). Comments filed through the ECFS can be sent as an electronic file via the Internet to <http://www.fcc.gov/cgb/ecfs/>. Filers should follow the instructions provided on the website for submitting comments. Generally, only one copy of an electronic submission must be filed. In completing the transmittal screen, filers should include their full name, U.S. Postal Service mailing address, and the applicable docket or rulemaking number. Parties may also submit an electronic comment by Internet e-mail. To get filing instructions for e-mail comments, filers should send an e-mail to [ecfs@fcc.gov](mailto:ecfs@fcc.gov), and include the following words in the body of the message, "get form." A sample form and directions will be sent in response.

Parties who choose to file by paper must send an original and four (4) copies of the comments to the Office of the Secretary, Federal Communications Commission, 445 12th Street, S.W., Room TW-A325, Washington, D.C. 20554. Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (although we continue to experience delays in receiving U.S. Postal Service mail). All filings must be addressed to the Commission's Secretary, Office of the Secretary, Federal Communications Commission. The Commission's contractor will receive hand-delivered or messenger-delivered paper filings for the Commission's Secretary at 236 Massachusetts Avenue, N.E., Suite 110, Washington, D.C. 20002. The filing hours at this location are 8:00 a.m. to 7:00 p.m. All hand deliveries must be held together with rubber bands or fasteners. Any envelopes must be disposed of before entering the building. Commercial overnight mail (other than U.S. Postal Service Express Mail and Priority Mail) must be sent to 9300 East Hampton Drive, Capitol Heights, MD 20743. U.S. Postal Service first-class mail, Express, and Priority mail should be addressed to 445 12th Street, S.W., Washington, D.C. 20554.

Two (2) copies of the comments should also be sent to the Competition Policy Division, Wireline Competition Bureau, Federal Communications Commission, 445 12th Street, S.W., Room 5-C327, Washington, D.C. 20554, Attention: Carmell Weathers. In addition, comments should be served upon the Applicant. Commenters are also requested to fax their comments to the FCC at (202) 418-1413, Attention: Carmell Weathers.

The application will be available for public inspection and copying during regular business hours at the FCC Reference Center, Portals II, 445 12th Street, S.W., Room CY-A257, Washington, D.C. 20554, (202) 418-0270.
